1. WHAT IS THE ADVANCED CERTIFICATE IN FACILITY MAINTENANCE MANAGEMENT?

1.1. Programme information

The Advanced Certificate in Facility Maintenance Management (ACFMM) – NQF Level 6 - is intended for supervisors and managers who are involved in the broad field of FM and who wish to expand their specialised knowledge and skills. The focus is on the maintenance management within the wider FM function.

Facility Management is an integrated function requiring the integration of accommodation, soft services and facilities maintenance management. However, the FM field is too wide and the body of knowledge too extensive for a holistic FM qualification at this level (NQF6). The Advanced Certificate is intended for those who wish to specialise in the Facility Maintenance Management function of the broader FM field.

1.2 Purpose of the Qualification (ACFMM)

The qualification (ACFMM) is intended for any individual who is employed in or is planning to be employed in the field of facility maintenance management and is directed specifically at those in supervisory / managerial level positions. The qualification serves to support and advance the functioning of individuals in this industry by:

- Promoting the development of knowledge, skills and values that are required in facility management / facility maintenance management;
- Helping students realise their potential in the field;
- Providing opportunities for people to specialise at higher levels of learning within the FM field.

2. CAN I BE ADMITTED TO REGISTER FOR THE ACFMM?

The ACFMM is an NQF Level 6 qualification. Therefore, you can be admitted to the qualification if:

- You are in possession of a Higher Certificate in Facility Management (HCFM/ NQF5)

OR

- You have achieved an equivalent NQF 5 - level qualification.

Note that the ACFMM assumes that students have a broad theoretical and practical knowledge of the Facility Management environment and that students who do not have a NQF 5 qualification in a closely-related field may find the programme content challenging. In such cases, if your NQF 5 qualification is not in a suitably related field, or has a narrow scope, we may recommend purchasing our Higher Certificate material for reference and background.

3. WHAT DOES THE PROGRAMME COVER?

Summary of the Programme

Syllabus Themes	Credits	NQF Level
Fundamental Content		
• Management for FM	16	6
• Research Methodology	2	6
• Contract Management & SLAs	11	6
• Outsourcing	10	6
• Risk Management	7	6
• Project Management	7	6
• FM Information Systems Management	7	6
Sub-Total	60	
Core Content		
<i>Facilities Maintenance Management</i>		
• Electrical	20	6
• Mechanical	20	6
• Civil / Building services	20	6
• Finance and Environmental Management for Facilities Maintenance	10	6
Sub-Total	70	
Total	130	

Please see page 10 for the details about the content of each module.

4. HOW DO I PRACTICALLY GO ABOUT STUDYING THE PROGRAMME?

The ACFMM is presented on the Open Distance Learning platform, which means that it is **primarily done online**. Contact sessions are conducted in the main centres of SA for those who can attend. Contact sessions are however not compulsory. All study material is made available on the Academy's user friendly Online Student Portal. Students therefore simply download the study material and submit their completed assignments online.

4.1. How long does it take?

The ACFMM was designed to be completed over **24 months**, and is presented as a part-time programme on a revolving annual cycle. In view of the fact that this is a two year programme only half the modules will be offered per annum so as to ensure a manageable pace for students. The 24 month period will be broken up into 2 semesters per annum with exams at the end of each semester.

While the programme can be completed over a 2 year period, students have a maximum of 4 years to complete the qualification from the time they register.

4.2. When can I start?

The programme is structured in such a way that students can begin with any module, so you can register at any time during the year. All modules are individually credit bearing and the order in which they are completed does not matter. Therefore, students can start at any time agreed with the Academy.

4.3. What about classes?

The Academy offers Contact Sessions (classes) for each module, which we believe are beneficial for students, but these contact sessions are not compulsory. Contact sessions will be offered in centres where there is a group of at least eight students.

Contact sessions consist of approximately a day and half of lectures, student participation, interaction and discussion concerning a particular module and may include assessment.

4.4. What if I can't attend a contact session?

The ACFMM is an open distance learning programme and contact sessions, as indicated, are therefore not compulsory. Should students not be in an area where contact sessions are offered, or cannot attend sessions due to work and other commitments, they will complete the programme entirely online. Various resources, such as study material, audio and video clips are available on the online student portal (Moodle) to assist all students. Remote students can also communicate with lecturers by e-mail or Skype sessions can be arranged. Tests can also be written online, but regulation requires all students to write exams at designated examination venues only.

4.5. Schedule overview

Syllabus Theme	Study Unit	Timetable Gauteng
2017		
1. Management for Facilities Managers	- Facility Manager's role in the organisation	February 2017
	- Facility Manager's role re staff (ACMFM)	March 2017
	- Research Methodology (ACRM)	
	- Information systems (ACIS)	April 2017
	<i>First semester Exams</i>	June 2017
	- Project and configuration management (ACPM)	July 2017
2. Outsourcing (ACOUT)	- Principles of outsourcing - Risks and benefits of outsourcing - Outsourcing process - Managing the outsourcing decision	August 2017
3. Contracts and Service Level Agreements (ACLSA)	- Service Contracts and Management - Service Level Agreements	September 2017
	<i>Second semester exams</i>	November 2017
2018		
4. Facilities Maintenance Management	- Electro-mechanical (ACElec)	First semester 2018
	- Mechanical (ACMech)	First semester 2018
	- Civil (ACCiv)	First semester 2018
5. Financial & Environmental Management (ACF&E)	- Financial Management for FMM	Second semester 2018
	- Principals of environmental Management	Second semester 2018
6. Risk Management (ACRisk)	- Principles and functions	Second semester 2018
Presentations	Project Presentations	Second semester 2018

A list of exact dates (including contact sessions and submission deadlines) is available for students on the Student Portal.

Please note that this schedule is subject to change.

5. WHAT IS THE COST OF THE PROGRAMME?

Please note that the study fee is split into two segments: a tuition fee and an annual registration fee:

- The 2017 **tuition fee** for the ACFMM programme is R 35 750 per student, if paid in advance. The tuition fee includes study notes, lectures, lecturer access and examination fees only, but not registration fees or text books. The tuition fee is a once-off amount paid for the duration of the ACFMM.
- The 2017 **registration** fee is R 1 850. This fee is payable on an annual and escalating basis for each year of study.

Therefore, for new students who register for 2017 the cost is:

Description	Price
Student Registration fee 2017	R 1 850.00
Tuition Fees 2017/18: Advanced Certificate in Facility Maintenance Management (NQF 6/130 credits)	R 35 750.00
TOTAL	R 37 600.00

Note: VAT is not applicable as Higher Education Institutions are exempted from VAT.

5.1. What payment options are there?

- Payment can be made **in full**.
 - R 37 600 once off.
- Payments can be made **per semester**.
 - R18 800 per semester (R925 semester registration fee; + R 17 875 tuition fee)
- Payments can be made **per module**.
 - Annual registration fee (R1850)
 - R 5 960 per module

*Please contact us if you have any further queries about alternative payment agreements.

5.2. Some payment Terms and Conditions

- Group rates can be negotiated with the Academy.
- Having been registered by **SAQA** (ID #75283), the ACFMM can be included in the **Skills Development Plans** of employers contributing to the National Skills Fund or SETA.
- The student **registration fee** is a standard feature of every tertiary institution and will amount to R 1 850 for the 2017 academic year (1st time students). The registration fee is payable before the end of January for every year of study. The registration fee is not subject to a negotiated payment option or a discount.
- The Academy does not refund students who drop out, but such students can be replaced as per the Academy's student replacement policy.

5.3. Re-registration fees

- Students who re-register to continue their studies in a following academic year will pay a registration fee that is higher than the initial (first year) registration fee.
- The re-registration fee for students who register for a **second academic year in 2017** will be **R 3 200**.
- The re-registration fee for students who reregister for a **third year** to continue their studies in 2017 will be **R 3 800**.

6. HOW DO I REGISTER?

Registration is all done online and the process works as follows:

1. Prospective students should go online to: <http://www.a4fm.ac.za/advanced-certificate-applicationregistration/>
 - Graduates of the Higher Certificate in Facility Management will be able to complete a registration form (and indemnity online)
 - Students with other NQF Level 5 qualifications need to complete an application form and attach their Academic Record (*clearly stating the credit value and NQF Level of their qualification*). Once the Academy receives and reviews this application, the student will be notified if he/she can be admitted to the programme.
2. The Academy raises a quote or invoice as may be requested, for the full fee (tuition fee and annual registration fee) and sends to student/employer.
3. Should the student / employer wish to make an alternative payment arrangement (per semester, per module or other), a request should be sent to accounts@a4fm.ac.za and a corresponding invoice will be raised according to the agreement reached.
4. Student employer pay/s in full or provide/s an employer order number or pay as per the arrangement between employer / student and the Academy.
5. The Academy sends the student his/her Academy student number which provides access to the student portal on our site. This will allow a student access to all study material.
6. No student will receive a student number or be able to commence with their studies unless payment has been received by the Academy.
7. Terms and conditions as per the Academy's registration policy apply.

The Registration and Assessment policies as well as the Code of Conduct for students of the Academy are available on request. Students are expected to adhere to these policies.

7. HOW WILL THE ACFMM BENEFIT ME?

Students working towards the Advanced Certificate will find that the acquisition of competence will add value to their understanding of the sector and functioning in the workplace. It will provide for consolidation of the broad knowledge, skills and values needed in the facility management / facility maintenance management field of study.

The Advanced Certificate will facilitate access, mobility and progress along a learning path for students who wish to focus their skills and knowledge in this field of study so they can become competent and qualified to manage facility maintenance for any organisation

8. WHAT WILL I GET WHEN I COMPLETE THE PROGRAMME?

Students who successfully comply with all the relevant assessment criteria will be awarded the Advanced Certificate in Facility Maintenance Management. The programme is accredited at NQF Level 6, 130 credits. They will also be registered on SAQA's National Learner Registration Database of qualified people in SA.

Such students will also be able to register as professional FMs with the SA Facilities Management Association.

Commencement ceremonies are arranged annually. Students can however, obtain proof of their continuous assessment results (marks) at any time via our Online Student Portal. An Academic Record is also sent to students at the end of each semester.

9. QUALITY ASSURANCE

The Academy for Facility Management is a duly registered private institution of higher education in terms of the Higher Education Act, registered by the DoHE (National Department of Higher Education and Training) and CHE (Council on Higher Education) under:

- Certificate Nr. 2009/HE07/012.
- The course qualification identification number issued by SAQA is 94576.
- The ACFMM was approved by the Higher Education Quality Committee (HEQC) of the Council on Higher Education (CHE). The ETQA (Education Training Quality Authority) is the CHE/HEQC and the relevant provider ETQA ID is: 621. The Academy's Provider Code is: CHED 145. Qualification Code CHED-548

- All programmes are endorsed by the professional industry body SAFMA (SA Facilities Management Association – www.safma.org).

For more information, please contact the Academy.

10. DETAIL ABOUT EACH MODULE / LEARNING COMPONENT

The following table contains a broad overview of the various syllabus themes as well as the study units for each syllabus theme (course content):

Contact Session	Syllabus Theme / Module	Study Unit
1	Management for Facilities Managers	- Facility Manager's role in the organisation - Facility Manager's role re staff - Research methodology
2	Project and configuration management	- Project, stores and configuration management of consumables for facilities maintenance. - Stores, consumables and documentation required for facilities maintenance management
3	FM Information systems	- FM Information Systems (FMIS) - Helpdesk / Call centre systems - Computerised Maintenance Management Systems (CMMS) - Building Management Systems (BMS) - Functionality, capability, practical advantages and integration of various FM Information Systems (FMIS)
4	Outsourcing	- Principles of outsourcing - Risks and benefits of outsourcing - Outsourcing process - Managing the outsourcing decision
5	Contracts & Service Level Agreements (SLAs)	- Service Contracts and Management - Service Level Agreements
6 - 8	Facilities Maintenance Management	- Electrical - Mechanical, - Civil
9	Financial & Environmental Management	- Financial management of facilities maintenance - Principles of environmental management
10.	Risk Management	- Principles and functions - Implications of ineffective risk management
